- 6755405** Grasselli NSL 400 slicer with blade changer and 5MM blade  
**5180030** Air Compressor (required)  
**5180045** Air Compressor hose kit

**Specifications:**

- Dimension: 39" X 57" x 56 1/4"
- Weight: 1353
- Electrical: 220/440, 3 ph, 20 amps

**FEATURES**

- \* Slicing machine that cuts uniform parallel slices with Grasselli multi-blade cutting system
- \* Slicing capacity of up to 4400 lbs/hour
- \* Up to 16 in. of useable cutting width and minimum cut thickness of 1/8 in. for fresh meat, 3/8 in. Slices bone-in or boneless fresh meat and deep chilled meat.
- \* Slice speed, height of slice chamber and product control pressure are all adjustable.
- \* Extremely versatile machines with a variety of slicing options
- \* Customized solutions available upon customer request (i.e. slice chambers with varying cut thicknesses)
- \* Variety of toothed blade profiles for improved performance.
- \* Optional out feed belt (with NSF certification)
- \* Unique automatic blade tension system.
- \* Automatic self lubrication system.
- \* Optional QUICK BLADE CHANGE system to change the complete cutting set in just minutes.
- \* All major dynamic components are heat-treated to extend durability.
- \* Modern design with seamless welding and radius edges to aid in efficient sanitation.
- \* Frame made entirely of tested and certificated stainless steel.
- \* No tools required to prepare for sanitation, or blade/slice set change.
- \* Motor, electrical control panel and drive mechanism accessed from just one cover.
- \* Total operator safety.
- \* CE, USDA, ETL and NSF approvals.
