Soup Kettle

The kettle is made of solid cast aluminum. Stainless steel 8 qt. or 12 qt. food insert. Hinged covers with handle are finished. Standard colors are black, red and brown, in a heat-resistant, washable, durable finish. Collar is made of a durable engineered plastic that won't chip or peel. Designed for easy cleaning. Kettle operates "wet" or "dry." Partially filled food insert will not float upward out of kettle.

Available in 120V/60Hz, and 240V/50Hz.

Maintenance - free design.
