

**Barbeque Oven Mitt**

Flame-retardant mitts are made from a 100% cotton exterior fabric treated to resist and retard fire. Meets U.S. government standards. Extra-thick cotton padding stands between your hand and the heat to protect at temperatures up to 400°F.

**2750660** 13" BBQ oven mitt, each

**2750665** 17" BBQ oven mitt, each

**2750660**

**Oven Pad**

A "must" for restaurants, schools, hotels, bakeries, hospitals, institutional and industrial kitchens. Super thick terry combined with inner padding, flame retardant canvas, and built-in steam barrier prevents hot liquids or hot grease from penetrating through to your hands. Elastic wrist strap of long-lasting, heat-resistant rubber is securely stitched on; no metal parts to get hot and burn you.

**2751440** Pan handler oven pad - each 3.5" x 11" with wrist strap, each

**2751440**

**Terry Sleeve**

Guard arms against contact burns when reaching into a hot oven when you're sliding a pan into the oven, sometimes your elbow touches the rack or oven wall and OUCH! But not when you're wearing this comfortable, one-size-fits-all sleeve. Fits over clothing. Made from 100% cotton terry cloth knit fabric. Elastic at wrist and top to hold sleeve in place. Perfect for use with baker's pad or short oven mitts for the most protection.

**2758758** 15" Terry Cloth Sleeve Protect - one size fits all - max 350 Degree Protection

**2758758**

**Bakery Mitt**

Protection from 400°F (204°C) to 600°F (315°C) even after prolonged contact. A thick terry cloth, 100% cotton knit exterior. Soft flexible fabric lets the warer get a good grip on hot pans or oven racks. Natural color only. 17" is elbow length for the most protection. 13" covers to just above the wrist. Not recommended for use near flame. Not a flame retardant mitt. Packed 48 pairs or 96 each per case.

**2750675** 17" Cotton Terry Mitt - Each Heat Protection up to 600 Degree

**2750675**

**Nitrile Gloves**

- High Performance - outstanding strength and chemical resistance
- Outlasts rubber by 5 to 1
- Fewer skin problems - does not promote contact dermatitis, as many other gloves do
- Good wet grip - embossed finish helps make wet handling easier and safer

**2750775** 18" elbow length green rubber gloves per pair, small

**2750780** 18" elbow length green rubber gloves per pair, medium

**2750785** 18" elbow length green rubber gloves per pair, large

**2750790** 18" elbow length green rubber gloves per pair, extra large
