

## Bread Slicer

**6757353** Self Bread Slicer 5/16" To 5/8" Slice - 110 Volt 23 5/8" x 23 5/8" x 52" ETL & NSF

### Self

A front-loading slicer, the standard among standard slicers. This elegant, genuinely compact machine will fit into your counter space as easily as an appliance in a fitted kitchen unit.

### Features:

- The Self can slice any type of bread. The Slices are held together following slicing.
- The Self are front loading slicers, genuine front-loading slicers! The operator positions and retrieves the bread from the same position, by simply tilting his forearms.

## Conveyor Toaster

### Real Energy conserver

The Energy-Saver Switch can reduce power consumption by as much as 75%. All models use 15 amp service; 120V models use only 1.7KW and 208/240V models use only 24KW maximum.

### Built-in Savory quality

The ST-1 comes to you from the people who originated conveyor toasting. It is constructed from durable and easy-to-clean stainless steel. The conveyor system rides on longer lasting stainless steel ball bearings. Heating elements are unbreakable sheathed metal type.

**Productivity information** (Depending upon voltage and bread dryness) 150-585 slices/hour

7470030

**7470030**  
Mini Conveyor Toaster 14" x 14" x 18" (NSF/UL),  
voltage: 120, 208, or 240

## Bagel Slicer

**6750022** Electrical Bagel & Bun Slicer 120 Volt, CSA/US Approved .062 Amps - 8 1/2" x 17" x 31"

### Features

- Fast**  
Slices 15 bagels per minute.
- Safe**  
Eliminates cuts, lacerations, repetitive stress injuries and reduces employee stress.
